Moon

By Naomi

The power that lies  
within the moon  
Has once again cast  
its spell

Entranced by it's  
beauty and mystery,  
I'm pulled by its  
powerful force

Lost in the light of  
the moon's sacred song  
I begin to call out to  
thee:

"Awaken your beast of  
passion for me  
Let me honor you  
with my touch

Let me worship the  
temple that is you  
Let my body be my  
offering

Let me inhale your  
passionate ways  
Celebrate the flesh of  
each other

Writhe in the delight  
of a powerful lust  
That evokes from me  
with your touch
